High School students are classified by the number of credits earned.

### Jr. High Eligibility Policy

At the end of a school week any AJHS student below a 60 % in any of their enrolled courses will be placed on academic probation. This probationary period will last for one week. Probation requires students to attend tutoring from 2:12 to 2:52 or 3:35 to 4:30 on Tuesday, Wednesday, and Friday.

After the one week probationary period if a student is failing a class, (a failing grade is outlined in our school grading scale as a 59% or below), they will be ineligible to participate in any school related activities. These activities include extra / co-curricular activities along with any field trips during the grading period. Students will be allowed to attend a field trip or extra / co-curricular activity if a grade is given for participating. Ineligible students will not be allowed to travel with the team on away activities or wear the team uniform while ineligible. An unexcused absence from tutoring will automatically make a student ineligible until the grade is above 60%.

At the end of the grading period the student will then regain his/her eligibility. Grades will be checked by the staff at the end of a school week. Students will be made aware of their grade by the junior high school office and then report to tutoring at the beginning of the following week. Ineligibility will start at the beginning of the week and end at the beginning of the following school week. The junior high school office will also notify the parents or guardians. This program will start in the 1<sup>st</sup> quarter of the school year at the end of the 3<sup>rd</sup> week.

#### Minimum Class Load

Board of Education policy states that each student attending Argonia High School will be required to enroll in a minimum of six classes per school day. Of these six classes, five of which must be solid courses to maintain eligibility to participate in activities in accordance with the KSHSAA. **Exceptions** may be considered on an individual basis by the administration and instructional staff. Exceptions may include individual students who receive special services or who are identified as having special needs.

#### Senior Work Release

Any release program must have prior administrative approval. If it's a work release request, seniors must fill out the "Application for Senior Work Release." Senior work release will be granted if the student is passing all classes and online to graduate. Work release will be evaluated at the end of each quarter. If at anytime a student is no longer employed they will be required to return to school full time. If at any time a student is failing class, work release will be revoked.

#### Commencement Policy

Formal public graduation activities will be conducted only at the high school level. Commencement exercises will be under the control and direction of the building principal. Students shall meet district imposed graduation requirements prior to the time of commencement in order to participate in the commencement exercises, senior panel, and yearbook.

### Valedictorian and Salutatorian

The Valedictorian and Salutatorian of the graduating class shall be a member of the senior class and shall have the highest grade point averages **in the board approved curriculum** as determined by using the weighted system as used in the computation of the honor roll. Weighted classes shall be computed as 1.25. Repeated classes (band, chorus, physical education) will only be used once in computing Valedictorian, and Salutatorian. Computation of the GPA for these honors shall be computed no earlier than ten (10) calendar days prior to the commencement exercises using the student grades at that date for the last nine (9) weeks.

### Scholarship and Testing

All students are encouraged during their sophomore year to begin planning for eligibility to qualify for scholarships. All junior and senior college bound students should take their ACT tests early in the school year. Students should consult their guidance counselor for any assistance with scholarships and testing. The counselor will post announcements of scholarships and testing in the office or bulletin board. To see the counselor a student should schedule an appointment in the high school office.

### Policy for Classes over the Internet

Requirements for enrollment:

1. Student must be a junior or senior.
2. Students must be up to date for credits to graduate high school. (unless course is approved for credit recovery, or a Student Improvement Team or IEP team decision)

4. Student must complete the course(s) and grades will need to be sent to the administration by the end of the semester in order for the class to be accepted for high school credit. This step is the responsibility of the student.
5. Students must show competency in necessary skills of the computer. Evaluation will be based on passing previously enrolled computer and keyboarding classes. In the case of a transfer student: Evaluation can be based on classes taken at their previous school, our computer teacher's evaluation, be in good standing from the previous school, and approval from our district's administration.
6. Students will have access to our computers to complete the course. At school this course should be worked on during a study hall or a time designated for an Internet course.
7. Any Student using a school computer will be monitored by a member of the staff.

9. The student will be responsible for all fees associated with the class.

### College Representatives Procedure

**This policy is for juniors and seniors only.**

College Representative visits are to be used as an opportunity to gain knowledge about colleges and vocational schools which one might want to attend after high school. These visits should be used to ask questions and make plans, not to skip class. Students found to be abusing this privilege will have their college visit privileges' revoked.

**Meeting with Representatives:** Students must sign-up to attend a visit. Juniors and seniors are allowed to sign-up and visit three representatives scheduled outside of the seminar period. There are no

limits to representative visits during seminar. Students must pay close attention to the calendar and announcements for the day of the visit. It is also the student's responsibility to communicate when they will be gone to classroom teachers and make up missed work.

Offsite Visits: Juniors and seniors are allowed to visit 2 colleges. Documentation is required for test exemption.

### Academic Dishonesty

Academic dishonesty is not acceptable. Cheating, defined as copying another student's work and claiming it is your own and plagiarism, defined as the use of another person's original ideas or writing without giving credit to the true author, are both prohibited practices. Material taken from electronics sources are covered by this policy. A student who engages in any form of academic dishonesty will be subject to the loss of credit for the work in question, as well other disciplinary measures up to and including suspension or expulsion.

### Military Recruiters Right to Access

In accordance to No Child Left Behind regulations all branches of the military will have access to student mailing information. Unless parents deny this right, the school will have no other option but to give this information out to the recruiters. Parents will be given the opportunity to deny this right during enrollment by filling out the necessary paperwork with U.S.D. #359 counseling department.

## **School Property**

### Appropriate Use of Equipment and Supplies

Use of equipment and supplies are for the performance of official and approved assignments only. Use of district equipment or supplies for personal projects are prohibited without prior permission of the teacher. Students shall handle all school equipment and supplies carefully. Students shall be responsible for any damage they cause to school equipment or supplies.

### Technology Use

Use of or access to district technology and software is limited to district employees and students. Use of technology is for the performance of official and approved assignments. Only educational applications and games are to be used during the school day. Use of district computer equipment or software for personal student projects is prohibited without prior permission of the teacher. Only software purchased by the district may be loaded onto district computers. Software licensed to the district shall not be used on computers not owned by the district. District software shall not be copied for personal use. For specific guidelines for iPad use, please refer to the iPad Procedures Policy.

Students shall not use electronic communications, including e-mail and the internet, to harass staff, students, or other individuals.

### No Right to Privacy

Students shall have no expectation of privacy or restricted access to any information generated during the course of their work or entered in any district computers. Students waive any right to privacy in e-mail messages and consent to the access and disclosure of e-mail messages by authorized person.

Students shall only use passwords or other encoding or security mechanisms as assigned by the district computer system(s) administrator or other officials designated by the board. The use of a password does not affect the administration's right to monitor. All forms of electronic communications are monitored by the administration to ensure the systems are only being used for official purposes.

### Ownership

Computer materials or devices created as part of any assignment undertaken on school time shall be the property of the district.

### Internet

Inappropriate use and/or transmission of any material in violation of any United States or state regulation, is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material, or material protected by a trade secret.

### Computer Network Use Guidelines

All users of the schools' computers and networks are expected to abide by the generally accepted rules of network etiquette (netiquette). Informal rules of behavior have evolved for the use of and communication on the Internet and other on-line services. These rules of behavior include, but are not limited to, the following:

- Be polite. Do not write or send abusive message to others.
- Use appropriate language. Do not swear, use vulgarities or any inappropriate language.
- Do not reveal your personal address or phone numbers or that of other students or colleagues.
- Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- All communication and information accessible via the network should be assumed to be private property which is subject to copyright laws.
- Do not place unlawful information on any network system.
- Keep paragraphs and messages short and to the point. Focus on one subject per message.
- Do not use the network in such a way that would disrupt the use of the network by other users (e.g. downloading very large files during prime time; sending mass e-mails.)

### Consequences of Violation of Technology Policies

All of the policies and handbook procedures for acceptable use of computers and network are intended to make the computers and network more useful to students and teachers. They are also intended to minimize the burden of administering the networks, so more time can be spent enhancing services.

Use of the computers for programs, software, e-mail and to access telecommunications resources is a privilege, not a right. Violations of the policies and procedures of Argonia Public Schools concerning use of computers and networks will result in disciplinary action.

Three levels of punishment may be enforced by the administration. While the levels may be implemented in order, nothing prevents the administration from selecting any step depending on the facts and the severity of the violation.

#### Level I: Warning

Student will lose computer privilege/Internet access until a parent conference is held. Any additional loss of privileges as determined by the administration will be discussed in this conference.

#### Level II: Pattern of Abuse, Repeated Abuse or Flagrant Violations

Student who, after Level I warning, continues to engage in serious or persistent misbehavior by violating the district's previously communicated written standards of conduct may be removed from any computer/Internet privileges for the remainder of the year or remaining school years and recommended for suspension.

#### Level III: Expellable Offense

Student could be expelled from school (removal for five days or more) if he/she engages in conduct on the Internet that contains the elements of the offense of criminal mischief, as defined by state and federal law. Any student expelled for misuse of technology will also lose computer privileges for the remainder of the school year or school years.

### School Lockers

Each student is assigned a hall locker. A student is responsible for this locker throughout the school year and may be held responsible for any damages. The locker should be kept clean and orderly. Nothing is to be displayed or kept in the locker that is contrary to school rules. **Students are advised not to keep iPads, books and bags in their unlocked lockers as bags are not to be carried from class to class.** The school is not liable for any private property left in the locker. The only approved lock for the lockers is a combination lock that is installed on the door (any other locks will be cut off). These locks are provided at no charge to the student and certain restrictions apply. All lockers are the property of the school and are subject to search by the administration on a regular basis and in other necessary instances.

## Student Conduct/Discipline

### Hallways

Students need to walk appropriately in the hallways. Students should stay to the right when walking. A student will need a pass to be in the hallways.

### Public Displays of Affection

In keeping with our school philosophy, which is to educate academically, socially, morally, emotionally, and physically, it is felt that young men and women should learn that overt public display of affection in the school or on the school grounds is in poor taste. Parents of students who are involved in this type of activity will be informed by the school. Holding hands is permissible. Any public display of affection other than this is not acceptable.

### Dress Code

Neatness and decency are emphasized as guidelines for dress. The principal shall make the final determination regarding the appropriateness of a student's appearance. Students who are inappropriately dressed will be required to change their clothing.

It is understandable that criteria be established to prohibit extreme styles and designs in clothing and hair styles which might disrupt the education process or endanger the health and safety of the students. The board-approved dress code for school days and school activities is as follows:

1. Students are to wear their hair well-groomed and clean at all times.
2. Students are required to wear shoes. No slippers or house shoes allowed.
3. Casual/dress shorts, athletic shorts /skirts/dresses, and hemmed cut-off jeans will be allowed. When standing they must be as long as where the longest finger touches the legs. Gym shorts and running shorts are allowed in P.E. class only. Students must change out of gym/PE clothes prior to returning to class. Tights, yoga pants, and leggings are not allowed unless they are covered with clothing fingertip length or longer.
4. Excessively cut or torn clothing will not be allowed.
5. Muscle shirts ("wife-beaters") are not allowed.
6. Revealing or see-through blouses are not permitted.
7. Garments with an alcoholic, tobacco, or sexual symbol or saying will not be permitted.
8. Caps, bandanas, or headwear of any kind will not be permitted inside the building.
9. Blouses with thin straps that expose the bra are not allowed. No bare midriff garments. Garments must cover the entire midriff and back at all times.
10. Wearing of jewelry in one's nose, eyebrows, lips, or any other part excluding the ears is not allowed in excess.
11. Chains worn by students attached to clothing or excessive chains around the neck are not allowed. Wearing of jewelry must be modest and not extreme.
12. Sagging pants are not allowed.
13. Students sent home to change clothes will be given unexcused absences.

Teachers who feel a student's dress may be inappropriate should send the student to the principal's office. The decision of the principal will be final. The dress code may be monitored by a brief interruption via and intercom announcement. All teachers will be expected to inspect the students for dress code violations and immediately refer them to the office.

*This list isn't all inclusive and dress is subject to approval by the administration.*

Any student involved in extra or co-curricular activities in which the student represents the district, shall dress in accordance with the sponsor's requirements, subject to approval by the administration.

School officials have the right to set specific dress codes for special days. Failure to follow these guidelines could result in a change in clothing and even discipline referrals to the high school office.

#### Vandalism

A student shall not intentionally cause or attempt to cause damage to private property or attempt to steal private property either on the school grounds or during a school activity.

#### Bullying, Harassment or Intimidation of any Nature

The board of education prohibits bullying in any form on school property, in a school vehicle, or at a school sponsored activity or event. If appropriate, students who violate the bullying prohibition shall be reported to local law enforcement. Types of bullying include: physical—harm to someone's body or property; emotional—harm to someone's self-esteem or feeling of safety; social—harm to someone's group acceptance.

Bullying and harassment behaviors include, but are not limited to: name calling, teasing, harassing, making fun of, mocking, irritating, annoying, pushing, grabbing, shoving, poking, tripping, kicking, play fighting, taking property, destroying property, excluding behaviors, spreading rumors, cyber bullying, Internet harassment, sexual harassment.

Any person or persons that feel they are the subject of such unwelcome action by a student or staff member should report it to the principal or counselor immediately. The report will be handled in the strictest of confidence and will be dealt with by the appropriate authorities in a prompt and effective manner after a thorough investigation.

#### Disruption of School

A student shall not use any conduct intentionally to cause substantial and material disruption or obstruction of any lawful function of the school. Neither shall he urge other students to engage in such conduct for the purposes of causing a disruption or obstruction of any lawful function of the school.

#### Verbal/Physical Assault on a School Employee or Student

A student shall not intentionally cause or attempt to cause physical injury or to behave verbally in such a way that could reasonably injure a school employee or student. This policy covers all cases on school grounds, before and after school hours, and during school activities or functions. Each case will be investigated thoroughly and punishment will be determined by administration.

#### Weapons and Dangerous Instruments

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon. This policy covers all cases on school grounds, before and after school hours, and during school activities or functions. In addition, the school district shall enforce the Federal Regulations covering the School Gun Free School Zone and Kansas Statute Ann. 21-4204 as these laws relate to possession of firearms and the behavior of people possessing firearms.

#### Narcotics, Alcoholic Beverages, Drugs, Tobacco Products, and Controlled Substance

A student shall not knowingly possess, sell, use, transmit or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, tobacco product, a controlled substance or alcoholic beverage of any kind. This policy covers all cases on school grounds, before and after

school hours, and during school activities or functions. Use of a drug authorized by medical prescription from a registered physician shall not be considered a violation of this rule. (See board policy GEA and GE on Drug Free Schools)

**Violations of the latter two policies shall result in suspension and/or expulsion.**

#### Use of Trained Dogs to Search

At the request of the administration, law enforcement officers or licensed private agencies may use trained dogs on school premises to identify student property which may contain illegal or illicit materials and to determine whether materials are present which may threaten the general health, welfare and safety of students and/or district employees.

#### Repeated School Violations

A student shall not fail to comply with a reasonable request of school personnel during any period of time when he is properly under the authority of school personnel. Violation of any provision of this behavior code shall result in suspension and/or expulsion. (adopted 5-10-93)

#### Alcohol and Other Drugs

The unlawful possession, use, or distribution of illicit drugs and alcohol by students or school employees on school premises or as a part of any school activity is prohibited. This policy is required by the 1989 amendments to the Drug Free Schools and Communities Act, P.L. 102-226. This policy, and any curriculum used in conjunction with it, shall be evaluated at least every-other year by the district staff and administration.

#### Student Conduct:

As a condition of continued employment in USD #359, students shall abide by the terms of this policy. Students shall not unlawfully, manufacture, distribute, dispense, possess or use illicit drugs, controlled substances or alcoholic beverages on school district property or at any school activity. Any student violating the terms of this policy will be reported to the appropriate law enforcement officials, and will be subject to the following sanctions:

- (1) First Offense. A first time violator shall receive the following sanctions:**
  - (a) A punishment including a short term suspension of five (5) days.**
  - (b) Suspension from all student activities for a period of not less than one month.**
  
- (2) Second and Subsequent Offenses. A student who violates the terms of this policy for a second time, and any subsequent violations, shall receive the following sanctions:**
  - (a) Expulsion from school for the remainder of the school term.**
  - (b) Suspension from participation in and attendance at all school activities for the remainder of the school year.**
  - (c) A student who is expelled from school under this policy may be readmitted with the permission of the Principal and the Superintendent but only if the student has completed a drug and alcohol education and rehabilitation program that is acceptable to the district administration.**

Students who are suspended or expelled under the terms of this policy will be afforded the due process right contained in board policies and K.S.A. 72-8901, et seq. Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student behavior. In the event a student agrees to enter and complete a

drug education or rehabilitation program, the cost of such a program will be borne by the student and his or her parents/guardians. A list of such programs will be available from the board clerk. A copy of this policy will be provided to all students, and the parents of all students. All students and parents may request available counseling and rehabilitation programs. Parents of all students will be notified that compliance with this policy is mandatory.

## **Argonia Jr./Sr. High School Discipline Policy**

Lead-in note....

The discipline policy of Argonia Jr./Sr. High School is in place to provide the student with the opportunity to correct his/her behavior and to continue **or regain his/her status as a “student in good standing”** with the school. The steps and sequences are in place to provide a structure of warnings and opportunities for the student. Succeeding levels and progression on to more involved levels of disciplinary action are in place should the preceding levels not prove effective in correcting inappropriate behavior. **Three levels of punishment may be enforced by the administration. While the levels may be implemented in order, nothing prevents the administration from selecting any step depending on the facts and the severity of the violation.**

### **STUDENT IN GOOD STANDING**

**A “student in good standing” is a student enrolled and attending school, which is currently not on any type of discipline referral.**

#### Level I – Referrals

Any minor incidents will be handled by the teacher and given the appropriate consequences. A teacher does have the alternative step of referring the student to the office. Discipline referrals submitted by the teacher to the Jr./Sr. High School office could result in a Wednesday detention. The teacher should justify their referral to see whether or not a student’s actions would warrant documentation. Each referral will be reviewed and can be subject to the discretion of the administration.

Three referrals: Each one documented in our EduStar grading and discipline system.  
After 3 referrals a behavior letter will be mailed home to the parent.

- Consequences will be determined by administrator and enforced by the teacher(s).
- After third referral the student will automatically proceed to Level II.
- At anytime in the referral process the administrator has the authority to conduct a conference. Conferences could be held with student, parent(s), or guardian, teacher(s), counselor, and administrator.

Wednesday Detention – There will be a one hour detention every Wednesday night, when school is in session, from 3:45pm to 4:45 pm (No detention on early release days). Wednesday detentions **MUST** be served on the first Wednesday following placement in detention. Students will be given 24 hours from the placement time to make arrangements for transportation and give notice to coaches or sponsors (Example: If given a Wednesday detention on a Wednesday you will serve the detention the following Wednesday). Parents will be notified by mail if their child is to serve a Wednesday detention. If a student skips or misses their Wednesday detention for any reason the detention will be doubled and that student will be considered **“NOT in good standing”** until the first of the two detentions have been served.

Students missing or skipping a second detention will be moved to Level II in the Steps and Levels of our discipline policy.

### Rules for Wednesday Detention

1. Students must be in their seat and quiet by 3:45 pm.
2. ABSOLUTELY NO TALKING!
3. Bring paper and pencil! Students will begin each and every detention by writing the rules for detention completely and neatly. When finished writing the rules raise your hand and detention supervisor will come and pick them up.
4. Bring something else to work on! Once finished writing the rules for Wednesday detention students will be allowed to work on homework or read.
5. All activities/homework in Wednesday detention will be done on your own.
6. No student will be allowed to leave the room for any purpose, restroom breaks need to be taken before entering detention.
7. Students will not be allowed to use computers during detention. Bring homework that can be written by hand or something to read.
8. Any violation of these rules will result in the student finishing out the current detention and being assigned to serve Wednesday detention the following Wednesday.
9. Students not able to serve their detention successfully by their third attempt will be moved to Level II in the Steps and Levels of our discipline policy.

Level II and III will be a responsibility of the administration.

### Level II - In School Suspension (ISS)

Step I = One day ISS

Step II = Two consecutive days ISS

Step III = Three consecutive days ISS

\*Each time will result in a parent/guardian notification.

ISS time allows for make up of class work with credit if turned in at teacher deadline. Certain types of assignments, i.e. labs will be unable to be made up due to the nature of the work. The instructor may use his/her discretion to allow an alternative assignment of credit or a score of zero to the student.

### Rules for In School Suspension (ISS)

1. It is the student's responsibility to obtain their daily assignments. Assignments not completed by the teacher's deadline may receive no credit.
2. Absolutely NO electronic devices allowed on person during ISS.
3. Students will work on schoolwork during ISS.
4. Students will be allowed two breaks, one in the morning and one in the afternoon.
5. No telephone calls unless it is an emergency.
6. Lunch will be provided by the school. No student lunches will be allowed.
7. If, for any reason the student does not fulfill either a day and/or part of the day assigned ISS time, he/she is required to complete the missed time upon return to school.
8. Failure to successfully serve the ISS may result in another day added or placement onto Level III.

### Level III Out of School Suspension (OSS)

Step I = One day OSS

Step II = Three consecutive days OSS

Step III = Five consecutive days OSS

Step IV = Possible expulsion hearing

\*Each time will result in a parent/guardian conference.

For students to advance to the out of school suspension level, it is recognized that their failure to act in an acceptable manner conducive to the educational process, has resulted in their having removed themselves from the educational opportunities afforded by the USD 359 Public School System.

### Out of School Suspension Rules

1. It is the student's responsibility to assure that they are current of the class progress missed during the suspension. It is strongly recommended that the student make up the class work in an effort to stay up with the rest of the class.

### In School and Out of School Suspensions

**Student's assigned "in-school" and/or "out-of-school" suspensions are not considered "a student in good standing," for 5 consecutive attendance days and will NOT be allowed to attend or participate in any extra or co-curricular activities on those calendar days.**

Students will not be suspended for minor infractions of school and classroom policies. Minor infractions will be handled by the classroom teacher. Reasons for suspension levels are the serious infractions. The following are some examples:

\*Over three referrals on Level I.

\*Misbehavior for substitute

\*Fighting

\*Defiance of authority

\*Stealing

\*Vandalism

\*Cheating or plagiarism

This is not an all inclusive list, nor intended to be. It also included all other items covered in district policy. It will also include all other misbehaviors as determined by the building principal. Administration will handle each and every incident separately. All parties involved will be questioned and the facts will be uncovered. The decision for ISS or OSS will be based on these facts.

## **Attendance Policy**

It is desirable that students attend school every day that it is possible. Regular attendance is very important to the academic achievement of the student and a day missed can never really be made up. The development of the habit of responsibility will be a valuable asset to students while in school and in their adult life.

It is recognized that there will be instances, which make it necessary for students to be absent from school. For this reason, we have listed these reasons which may be excused by the principal with a note or phone call from the parent. With the exception of illness or death in the family, arrangements should be made in advance of the absence. **Notes or phone calls excusing a student must be received within 48 hours of the absence in order for the absence to be considered excused.**

**Excused Absences** - Absences which could be excused through the office.

**Illness of the student**

**Illness or death in the family**

**Attendance at funerals**

**Special church services**

**Exhibitor at fairs**

**Medical or dental appointments**

**Driver's licenses exams**

**Register for Draft**

**Working at home for parents**

**College day for seniors**

**Driving a family member for an appointment**

**Trips approved by administration**

Students are expected to make up the work missed for excused absences. Students are allowed a maximum of two (2) days for each day absent to make up all the work missed due to an excused absence. After 5 excused absences in a semester a letter will be sent to the parents to alert them of the pattern of missing school. After 5 excused absences, formal documentation will be required in order to excuse any further absences for the remainder of the semester. Lack of formal documentation after the first 5 excused absences will result in the absence being recorded as unexcused and policies regarding unexcused absences enforced.

**Unexcused Absences** - Absences which have NOT been excused through the office.

In cases of an unexcused absence, a zero (0) will be given for each class missed and the time made up by serving a Wednesday detention. Unexcused absences will also be considered under the truancy law for the state of Kansas and handled by the proper authorities.

### Test Exemption Policy

This policy is designed to encourage better attendance, reduce classroom tardies, and promote proper behavior. Absences fall under the following categories.

#### **Excused**

Excused absences will be approved under current school policy. Notes and/or phone calls must be from parent or legal guardian.

#### **Unexcused**

Any single unexcused absence would require the student to take finals.

#### **Excused absences waived**

These absences would not count against a student's total number of classes missed. A student attending a funeral, religious event, religious services, documented medical appointment and family illness with hospitalization, surgery or hospitalization recovery (all require a signed note from medical practitioner's office), court dates, and (2) college visits. (juniors and seniors only, requires documentation from the college)

#### **ISS and OSS**

In or Out of School Suspension would require the student to take finals.

### Exemption Guidelines

1. A combination of excused classes missed and semester grade average would be used to determine test exemption.

<u>Grade</u>	<u>Classes missed</u>	<u>exempt</u>
A	3	yes
B	2	yes
C	1	yes
D		no
F		no
	4 or more	no

2. Absences would be based per class period. Example: If a student missed 2 times 2<sup>nd</sup> hour then they would need an “A” to be exempt. If they missed 5<sup>th</sup> hour 1 time then they would need a “C” to be exempt.
3. Three (3) tardies would count as an hour for that class. Tardies will be counted if a student shows up late without a pass from the previous teacher or office. Tardies fall in the area of the first fifteen minutes of class. After the first fifteen minutes it will be recorded as an absence.
4. No absence from class due to school related extra-curricular and co-curricular activities, would apply toward taking finals, because students are at school.
5. Tardiness due to buses being late would not apply toward finals unless that student did not ride that day.
6. All finals will be weighted as 20% of the final semester grade for 9-12 and 10% for grades 6-8.
7. Any exempt students can take the final. If test grade is lower than nine weeks average the test will be thrown out.

### Admits

Students returning to school after an absence must get a admit slip from the office for re-admittance to class. The admit slip must be presented to each teacher of each of the classes during the school day. Teachers will not admit the student to class without this slip. At this time, the teacher will give the student the assigned make-up work. The admit slip is for the students personal use. Students should use the admit slip as a reminder to get all make-up work completed. Students who have been absent should get their re-admittance slip when they arrive at school. They should get their slips BEFORE classes on the following morning or the noon hour. **Failure to follow these guidelines could result in consequences.**

### Parents Notes or Phone Calls

It is the responsibility of the student to bring a note to the office, signed by a parent stating the length of time and the reason for their absence. A phone call from a parent is satisfactory. **Students will not be permitted to check out of building unless they present the principal with a note or phone call from one of their parents and the principal judges the absence excused as for the attendance policy.**

### Tardies

Students late to class first and fifth hour will go to the office for a permit to get into class. Tardies between classes will be assigned by teachers and enforced through the office. **3 or more tardies could result in Wednesday detention.**

## **General Policies and Information**

### Teacher Jurisdiction

Any teacher in the Argonia Public Schools has jurisdiction over any student in the system during school hours and activities.

### Classrooms (Learning Comes First)

Each student is expected to get his or her work completed and to do nothing in which will prevent another student from doing his or her work. This standard, while simple in statement, actually, eliminates disorder and confusion.

### Vehicles & Students

All students who drive vehicles to school must park the vehicle in the school parking lot upon arrival at school. No student shall occupy or drive any motor vehicle during the school day without prior authorization from the principal/or his designated representative. Authorization will be granted by the principal only after personal contact by the parent(s) (Telephone or in-person No Notes) and only for extraordinary circumstances (example-medical appointments). Violation of this section of the policy will result in disciplinary action and may result in suspension and/or detention. Students observed driving recklessly on or near school property will be cautioned and a written notice will be sent to the parent(s). A second violation of reckless driving will result in notification of civil authorities and may result in civil action.

### Telephone

The telephone in the office is not for student use unless an important call is necessary. Permission must be obtained before using the telephone. Students will not be excused from class or study to place a call. Parents should not call students when they are in class or study hall except in case of an emergency. Students notify your parents of this policy.

### Cell Phones/Electronic Devices

Cell phone use is not allowed during the school day. Cell phones and other electronic devices may only be used before and after school and during the lunch period. The use of cell phones is not allowed in restrooms and locker rooms at any time. ANY cell phone seen or heard by an employee during the school day WILL be confiscated and returned only to the student's parent/guardian. If a cell phone is confiscated a second time, it will be returned to the student's parent/guardian after 5 calendar days. The third and subsequent violations will result in the phone being confiscated for 10 days and the student referred to Level II of the school discipline policy (ISS).

Cell phone camera flashes have become a safety issue during bus trips, therefore no device using flashes or bright lights may be used on or in the school bus during transportation.

### Distractful items

Items in which distract or disturb are not to be brought to school. Such items are water guns, water balloons, radios, tape players, rubber bands, firecracker, video games, etc...Any student caught with these items will have them confiscated and returned only to the student's parent/guardian. Possession of these items could result in Wednesday detention.

Bad Weather and School Closing Information

In case of school closing due to inclement weather, the official word can be heard on the radio station KFDI. The following television stations will also have official information: Channel 3 (KSNW), Channel 10 (KAKE), Channel 12 (KWCH). The message will also be posted on the school district website and parents and guardians will receive notification via School Messenger.

No shoes other than gym shoes (or socks) will be allowed on the gym floor.

### Candy, Pop and other Food Items

~~Nothing of this nature is allowed in the classrooms or lockers due to the potential mess and for health reasons.~~ Food should meet the Health Snacks requirements and will be allowed in classrooms at the discretion of individual teachers. Candy, pop and other 'junk food' will not be allowed in the classroom.

~~All food and drink must be consumed in the student center and~~ All trash **must** be properly disposed of properly.

~~Bottled water is the only exception to this rule.~~ Bottled water may be allowed in the classroom upon teacher approval. Outside containers of any kind including but not limited to insulated mugs, and cups will not be allowed in classrooms or lockers.

If there is a problem with abuse of this privilege, the administration of the school reserves the right to cancel it without notice.

## Library Regulations

Students may use the library before and after school, during study periods and during class periods. To come to the Library during study periods and class periods, it is necessary for the classroom teacher to fill out a permit slip and send it with the student. The permit slip is to be signed by the librarian (or teacher in the library) and the student then returns it to the classroom teacher.

All material in the library are for student and teacher use.

Certain library materials are very costly, cannot be replaced, or are used all day in the library and are not to be checked out by students. These materials include books in the Reference section, Biographical Dictionaries, Unabridged Dictionaries, Reader's Guide to Periodical Literature, and others.

Regulations regarding book loans are that the student is to present the book at the circulation desk. There is a 14 day loan period, after which the book may be re-checked for another 7 day period.

At the end of the loan period the book is considered "overdue." Students can be charged for the book replacement if the "overdue" book is not returned within 30 days of the due date.

Current magazines and newspapers are loaned for one class period only.

With special permission from the librarian, a current magazine may be borrowed for over night use. The magazine must be returned by the 1st period of the following day.

## Extracurricular Activities and Organizations

### Student Council

The student council should be a representative group and the student governing body of the school. A well-organized cooperative group can be a good example of democracy at work. All students should be willing to accept all decisions of the Student Council.

### Scheduling of Events

All school events must be arranged first through the sponsor and the Principal. This is a "must" in order to prevent any conflict with the many different school events.

### Assemblies and Pep Meetings

The junior and senior high school students will have assemblies and pep meetings at scheduled intervals.

### Sportsmanship

Sportsmanship, good or bad, is a direct reflection on the Argonia School. Students are expected to be good sports. "Booing" of officials and opposing players will not be tolerated at any time. Let's all give our teams greater strength by our enthusiastic cheers, rather than attempt to win by criticizing the opponent or officials. K.S.H.S.A.A. "Rule 52" will be observed.

### Attendance Guidelines for Participation in Activities

In order to **attend or** participate in any extra or co-curricular activities on a school day, a student must be present a minimum of one-half of a school day **and be in good standing with the school district.** A half of a day would require students to attend until noon or be here at noon and attend until the end of the

school day. If the activity happens to be on a day when a half day is scheduled then the student must attend for the full half day. Exceptions are funeral, doctor's appointments, and medical emergencies. Medical emergencies are when a student had been taken to a hospital emergency room.

### Eligibility for Extracurricular Activities

All students are subject to the Kansas State High School Activities Association rules requiring students to pass at least five (5) subjects before they may participate in activities sponsored by the KSHSAA. Argonia Jr./Sr. High School complies with these same standards as regards participation in all extra-curricular activities.

### Booster Bus

Everyone not out for athletics is encouraged to attend school events. A bus may be provided for transportation to and from each sports activity held away from home. The privilege will be given to those students who sign up in advance in the school office and are in good standing with the school. The bus will load and leave at a specified time from the south door at the building. A rider log will be kept by the bus sponsor and turned in to the office. Students failing to show up for their reserved seat ride could possibly lose riding privileges. Everyone who rides the booster bus to a ball game must ride the bus back to the Argonia building. Cheerleaders, participating as such, for the night's game, must ride the bus home. All students must remain at the event site and should not leave for any reason. Anyone caught leaving will lose the privilege of riding or all future buses for the balance of the current school year.

### National Honor Society

Argonia High School is a proud member of this national organization and holds a charter in that group. Student membership in this society requires that any student be an exemplary school and community citizen. There are specific requirements for application for consideration in National Honor Society. The Chapter Sponsor (a teacher at Argonia High School) has the information concerning this group.

### Prom Attendance Guidelines

Argonia students must be in good standing and meet all other extra or co-curricular activity requirement to attend prom. Student must be a typical junior or senior or be the date of a junior or senior to attend prom. All out of school dates must be preapproved by the administration no later than two weeks in advance. Out of school date forms will be provided by Argonia High School to be filled out and signed by the out of school date's school principal. Administration reserves the authority to deny the privilege of attending prom for reason including but not limited to a student not in good standing, not meeting age requirements, criminal records, etc.

### Music, Speech, and Athletic Awards

All students that receive special recognition during the year in music, speech, and athletics will receive awards. The awards will be given during the Activities Banquet each spring.

### Sports Policy for Alcohol, Tobacco, or Drugs

Any team member who has been proven using alcohol, tobacco, or drugs during the season of that particular sport will face the following consequences.

**1st Offense: Suspension of one (1) game.**

**2nd Offense: Suspension for the remainder of that season.**

### Activity Bus Trips

Students of USD #359 riding activity buses on school sponsored trips are expected to observe rules of bus safety, behavior, and directions of the school sponsors and the bus drivers. Those students unable to

follow the rules, regulations, and directions of proper bus conduct will be governed by the following school district policy.

- I. The first referral will be turned into the principal's office by the sponsor or bus driver. This will be done by a Discipline Sheet listing the specific actions and details of the problem signed by the driver or sponsor. Prior to turning in the Discipline Sheet to the principal, the sponsor or driver will inform the student of the intent and reason for the referral.**

**Consequences: The parents will be notified of the problem in writing and informed that their child will not be permitted to ride an activity bus for the next trip the student would ordinarily take.**

**(Students must ride the bus to participate in an activity).**

- II. The second referral by a Discipline Sheet will be an automatic removal from the bus activity trips for the remainder of the school year. (Parents will be notified in writing of the problem and informed that their child will not be permitted to ride an activity bus for the remainder of the school year).**

(Students will not be permitted to represent the school at out of town activities- but may be permitted to do so at home events.)

Note-The principal has the authority to set aside this policy and deny bus privileges to a student when, in his/her opinion, the student behavior merits special action.

DEFINITION OF ACCEPTABLE BEHAVIOR: Behavior/language, etc. that the student would do in the presence of their parents.

## **Song of Argonia**

Song of Argonia and our love so true,  
comes floating to our ears and thrills us through and through.  
While bells of all victories do ring,  
we'll answer back by rising to sing.  
We'll hail Argonia  
the school that we love.  
Our alma mater thou art loyal brave and true.  
Thy spirit guarding as we journey on.  
We'll always wear the red and white for A-H-S  
There is a song fills my heart.  
It's of the memories here.  
The times we laughed, the times we cried,  
and always you by my side.

(revised 5/97 by Natalie Asmussen-Class of 1997)

**GAAF**    **Emergency Safety Interventions** (See GAO, JRB, JQ, and KN)

**GAAF**

The board of education is committed to limiting the use of Emergency Safety Interventions (“ESI”), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student's conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school’s code of conduct, school safety plan, or student handbook.

**Definitions** (See K.A.R. 91-42-1)

“Emergency Safety Intervention” is the use of seclusion or physical restraint.

“Seclusion” means placement of a student in a location where all of the following conditions are met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that he or she will be prevented from leaving the enclosed area.

“Chemical Restraint” means the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.

“Mechanical Restraint” means any device or object used to limit a student’s movement.

“Parent” means: (1) a natural parent; (2) an adoptive parent; (3) a person acting as a parent as defined in K.S.A. 72-1046(d)(2), and amendments

**GAAF     Emergency Safety Interventions     GAAF-2**

thereto; (4) a legal guardian; (5) an education advocate for a student with an exceptionality; or (6) a student who has reached the age of majority or is an emancipated minor.

“Physical Restraint” means bodily force used to substantially limit a student’s movement, except that consensual, solicited or unintentional contact and contact to provide comfort, assistance or instruction shall not be deemed to be physical restraint.

“Physical Escort” means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

“Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being confined.

**Prohibited Types of Restraint**

All staff members are prohibited from engaging in the following actions with all students:

- Using face-down (prone) physical restraint;
- Using face-up (supine) physical restraint;
- Using physical restraint that obstructs the student's airway;
- Using physical restraint that impacts a student's primary mode of communication;
- Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and
- Use of mechanical restraint, *except*:

**GAAF     Emergency Safety Interventions**

**GAAF-3**

- Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;
- Any device used by law enforcement officers to carry out law enforcement duties; or
- Seatbelts and other safety equipment used to secure students during transportation.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the

present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

#### Seclusion Restrictions

A student shall not be subjected to seclusion if the student is known to have a medical condition that could put the student in mental or physical danger as a result of seclusion. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

#### **GAAF    Emergency Safety Interventions**

**GAAF-4**

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

#### Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain documentation regarding the training that was provided and a list of participants.

#### Notification and Documentation

The principal or designee shall notify the parent, or if a parent cannot be notified then shall notify an emergency contact person for such student, the same day the ESI was used. Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day on which the ESI was used. The parent shall be provided the following information after the first and each subsequent incident in which an ESI is used during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and, once it has been developed, the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident involving the use of emergency safety interventions, the foregoing information shall be provided in printed form and upon the occurrence of a second or subsequent incident shall be provided through a full website address containing such information.

In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the intervention,
- Type of intervention,
- Length of time the intervention was used, and
- School personnel who participated in or supervised the intervention.

**GAAF    Emergency Safety Interventions**

**GAAF-6**

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Three (3) Incidents of ESI for Same Student

If a student with an IEP or a Section 504 plan has three incidents of ESI in a school year, then such student’s IEP team or Section 504 team shall meet within ten (10) days following the third incident to discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan or amend the behavior intervention plan if already in existence, unless the IEP team or Section 504 team has agreed on a different process.

If a student without an IEP or Section 504 plan has three incidents of ESI in a school year, then the school staff and the parent shall meet within ten (10) days following the third incident to discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for

**GAAF    Emergency Safety Interventions**

**GAAF-7**

the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings after a third ESI incident shall be invited to attend the meeting. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student who has not had three ESI incidents in a school year.

**Local Dispute Resolution Process**

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal

and/or the superintendent before filing a formal complaint with the board. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the ESI.

**GAAF     Emergency Safety Interventions**

**GAAF-8**

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and

superintendent. On or before the 30<sup>th</sup> day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education. Once such a procedure has been developed, a parent may file a complaint under the state board of education complaint process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

**iPad Policy, Procedures, and Information**  
**2015-2016**  
**Revised 6/25/15**

**INTRODUCTION:**

In the spring of 2013, based on high school staff recommendations, the board of education supported purchasing iPads for all students in grades 6-12 at Argonia High School. We are excited about the many positive, educational benefits this initiative will provide to our students. With that said, a number of questions will also need to be answered. The Argonia Technology Committee developed these policies and procedures relating to student iPads in order to provide students and parents with some parameters, expectations, and thoughts behind the use of iPads in our curriculum.

Technology plays an important role in our lives today. The district has been setting money aside for technology improvements and it was the consensus of the board that this is the time to proceed with the 1:1 project. As we looked at a number of options, we felt the iPad would best meet the students' learning needs. Some of those factors included: functionality, design and size, battery life, availability of a variety of apps, camera availability, ease of use, and cost. We also wanted all staff and students to have a common device with similar capabilities. Our staff is committed to continuing to offer an appropriate balance of teaching and learning tools and techniques for all of our students. Technology is simply one more learning tool that allows us to give students a well-rounded learning experience.

## **1. RECEIVING YOUR iPad & iPad CHECK-IN**

### **1.1. Receiving Your iPad**

iPads will be distributed at the beginning of each school year during “iPad Orientation.” Parents & students must sign and return the Student Pledge documents before the iPad can be issued to their child. Students in grades 6-11 will keep the same device over the next 5-6 years. In order for this endeavor to be successful, it will take a joint effort between the students, staff, and parents to ensure the success of this program.

### **1.2. iPad Check-in**

iPads will be returned during final week of school so they can be checked for serviceability. If a student transfers out of Argonia High School during the school year, the iPad will be returned at the time of checkout.

### **1.3. Check-in Fines**

- 1.3.1. Individual school iPads and accessories must be returned to the Argonia High School library at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at AHS for any other reason must return their individual school iPad on the date of termination.
- 1.3.2. If a student fails to return the iPad at the end of the school year or upon termination of enrollment at AHS, that student will be subject to criminal prosecution or civil liability. The student will also pay the replacement cost of the iPad. Failure to return the iPad will result in a theft report being filed with the Argonia Police Department.
- 1.3.3. Furthermore, the student will be responsible for any damage to the iPad, consistent with the District’s iPad Protection plan and must return the iPad and accessories to the AHS Library in satisfactory condition. The student will be charged a fee for any needed repairs, not to exceed the replacement cost of the iPad.

## **2. TAKING CARE OF YOUR iPad**

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly must be taken to the Library for an evaluation of the equipment.

### **2.1. General Precautions**

- 2.1.1. The iPad is school property and all users will follow this policy and the AHS acceptable use policy for technology.
- 2.1.2. Only use a clean, soft cloth to clean the screen, no cleansers of any type.
- 2.1.3. Charging blocks and cables must be used carefully with the iPad to prevent damage. Replacement blocks and cables need to be purchased from the school office and are the responsibility of the student.
- 2.1.4. iPads must remain free of any writing, drawing, stickers, or labels that are not the property of the Argonia School District.
- 2.1.5. iPads must never be left in an unlocked locker, unlocked car, or any unsupervised area.
- 2.1.6. Students are responsible for keeping their iPad battery charged for school each day.
- 2.1.7. Students will have the same iPad for the life of the iPad (senior iPads will go to next year’s sixth graders).

### **2.2. Carrying iPads**

USD 359 will provide a protective case for each iPad. A protective case/cover for the iPad is required to help protect the iPad and provide a suitable means for carrying the device throughout the day. iPads should always be within the protective case when carried.

## 2.3 Screen Care

- 2.3.1 The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.
- 2.3.2 Do not put unnecessary pressure on the top of the iPad.
- 2.3.3 Do not place anything near the iPad that could put pressure on the screen.
- 2.3.4 Do not place anything in the carrying case that will press against the cover.
- 2.3.5 Clean the screen with a soft, dry cloth or anti-static cloth.
- 2.3.6 Do not “bump” the iPad against lockers, walls, car doors, floors, etc. as it may crack or break the screen.
- 2.3.7 A Protective screen covers will be provided by USD 359 for additional protection. The screen protector must remain on the iPad.

## 3. USING YOUR iPad AT SCHOOL

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, calendars and schedules may be accessed using the iPad. Students should bring their iPad to all classes, unless specifically instructed not to do so by their teacher.

### 3.1 iPads Left at Home

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. If a student repeatedly leaves their iPad at home, they will be subject to appropriate disciplinary action.

### 3.2 iPad Undergoing Repair

Loaner iPads may be issued to students whose machine is being repaired.

### 3.3 Charging Your iPad Battery

iPads should be adequately charged before they are brought to school. Repeat violations will result in appropriate disciplinary action being taken.

### 3.4 Lock Screen and Home Screen

The Lock Screen will be a student photo and iPad name. The iPad name and photo should not be changed. Students will have the ability to customize their iPad home screen using appropriate media. Screen lock passcodes are not to be used at school. The school will not be responsible for apps lost due to forgotten passcodes.

### 3.5 Apps

Each student will be provided an Apple ID. iPads will be pre-loaded with the generally required apps. Students will only be allowed to download apps located in the school's filtered app store. If students have school appropriate apps they would like to have added, they need to have them approved by the administration.

- 3.5.1 Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- 3.5.2 All app notifications must be turned off while at school.
- 3.5.3 Appropriate music is allowed on the iPad. **Ear buds/headphones may be used in the classroom based upon individual teacher approval.** During passing periods, students may not use ear buds/headphones. Students will be responsible for obtaining their own ear buds. The ear buds can be purchased very inexpensively at Wal-Mart, Target, etc.

### 3.6 Printing

Limited printing services will be available with the iPad. Students should talk to their teachers about the need to print and printer availability. Students will be given information and instruction on printing with the iPad at school.

### 3.7 Home Internet Access/Printing

Students are allowed to set up additional wireless networks on their iPads. This will be necessary to use web based services outside of the school setting. Printing at home will require a wireless printer, proper settings on the iPad, an eprint compatible printer and possibly an additional app or software on your home computer/printer.

### 3.8 Personal Use

Students may not install personal apps on their iPads. Only music and personal photos are allowed. An iTunes card can be used if students want to add music to their iPad.

### **3.9 iPad's and Extra Curricular Activities**

Coaches/sponsors for individual activities may limit whether or not iPads are allowed to be on buses or at particular events. Coaches and Sponsors may reserve the right to collect iPads and leave them locked on the bus during ballgames, etc.

## **4 .MANAGING YOUR FILES & SAVING YOUR WORK**

### **4.1 Saving to the iPad/Home Directory**

Students should save work on the iPad. It is recommended students regularly back up data to a cloud based storage app such as Google Drive. Limited storage space will be available on the iPad—Data will NOT be backed up in the event an iPad has to be re-imaged or restored to factory settings. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. iPad malfunctions are not an acceptable excuse for not submitting work.

## **5. SOFTWARE ON IPADS**

### **5.1 Originally Installed Software**

The apps and operating system originally installed by USD 359 must remain on the iPad in usable condition and be easily accessible at all times. From time to time the school may add additional apps and OS upgrades. Periodic checks of iPads will be made to ensure that students have not removed required apps or installed inappropriate material.

### **5.2 Additional Software**

Required apps will be purchased by USD 359. Other apps may be added by the school or the student throughout the school year. Some apps will be free and others may cost.

### **5.3 Inspection**

Students will be selected at random to provide their iPad for inspection. iPad use and contents will also be monitored remotely.

### **5.4 Procedure for re-loading software**

If technical difficulties occur, the iPad will be restored from a backup (if last sync'ed to a home personal computer), restored from iCloud, or will be re-set to factory settings in the event a home computer is not available. The school does not accept responsibility for the loss of any apps or documents deleted due to *the necessity of* a re-format and/or re-image.

### **5.5 Software upgrades**

Upgrade versions of licensed software/apps are available from time to time. Students may be required to check in their iPads for periodic updates and syncing. School personnel will notify students on how to update apps, should updates be necessary. Operating system (iOS) should NOT be updated by students until notified by school personnel.

### **5.6 Technology Support**

Technology support for iPads will be available during the normal business day at Argonia Junior/Senior High School between the hours of 7:50 and 3:40. After hours support will not be available.

## **6. ACCEPTABLE USE**

The use of the AHS School District's technology resources is a privilege, not a right. The privilege of using the technology resources provided by the Argonia School District is not transferable or extendible by students to people or groups outside the district and terminates when a student is no longer enrolled in the Argonia School District. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and appropriate disciplinary action shall be applied. The Argonia School District's Student Code of Conduct shall be applied to student infractions.

**Violations may result in disciplinary action up to and including suspension and/or expulsion for students. When applicable, law enforcement agencies may be involved.**

**6.1 Parent/Guardian Responsibilities**

Talk to your children about values and the standards that your children should follow on the use of the Internet just as you do on the use of all media information sources such as television, telephones, movies, and radio.

\*Students will have access to their device 24/7. Obviously, you as parents will need to establish ground rules for iPad use outside of the school day. Devices will have internet filtering on them outside of the USD 359 Network. USD 359 will restrict, within reason, legally purchased content through iTunes that can be installed on the device. (ie. Explicit Music, R rated movies...)

**6.2 School Responsibilities are to:**

- 6.2.1 Provide internet and e-mail access to its students.
- 6.2.2 Provide internet filtering.
- 6.2.3 Provide network data storage. (These will be treated similar to school lockers. The Argonia School District reserves the right to review, monitor, and restrict information stored on or transmitted via Argonia School District owned equipment and to investigate inappropriate use of resources.)
- 6.2.4 Provide staff guidance to aid students in doing research and help assure student compliance of the acceptable use policy.
- 6.2.5 Provide user accounts for free information storage in cloud-based (off site/online) applications.
- 6.2.6 Monitor pictures, video, and audio recordings of any student or staff member and ensure they are being utilized in an appropriate manner.

**6.3 Students are responsible for:**

- 6.3.1 Using iPads in a responsible and ethical manner.
- 6.3.2 Obeying general school rules concerning behavior and communication that applies to iPad/computer use.
- 6.3.3 Using all technology resources in an appropriate manner so as to not damage school equipment.
- 6.3.4 Helping Argonia School District protect our computer system/device by contacting an administrator about any security problems they may encounter.
- 6.3.5 Monitoring all activity on their account(s).
- 6.3.6 Securing their iPad after they are done working to protect their work and information.
- 6.3.7 Notifying a school employee in the event they receive correspondence containing inappropriate or abusive language or if the subject matter is questionable.
- 6.3.8 Returning their iPad to the Library at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at AHS for any other reason must return their individual school iPad on the date of termination.

**6.4 Student Activities Strictly Prohibited:**

- 6.4.1 Illegal installation or transmission of copyrighted materials.
- 6.4.2 Any action that violates existing Board policy or public law.
- 6.4.3 Sending, accessing, uploading, downloading, or distributing offensive, profane, threatening, pornographic, obscene, or sexually explicit materials.
- 6.4.4 Inappropriately utilizing photos, video, and/or audio recordings of any person.
- 6.4.5 Using the iPad in restricted areas such as restrooms, locker rooms, and dressing rooms.
- 6.4.6 Changing iPad settings in an effort to circumvent the filtering system.
- 6.4.7 **Downloading apps outside of the filtered app store.**
- 6.4.8 Spamming-Sending inappropriate emails.
- 6.4.9 Gaining access to other student's accounts, files, and/or data.
- 6.4.10 Vandalism to your iPad or another student's iPad.

## 6.5 iPad Care:

- 6.5.1 Students will be held responsible for maintaining their individual iPads, and keeping them in good working order.
- 6.5.2 iPad batteries must be adequately charged and ready for school each day.
- 6.5.3 iPads that malfunction or are damaged must be reported to the office. The school district will be responsible for repairing iPads that malfunction and/or repairs covered under warranty. **iPads that have been damaged from student misuse, neglect or are accidentally damaged will be repaired with the first \$100 of repair cost being borne by the student. Payment is expected at the time of the repair.**
- 6.5.4 Students will be responsible for the **entire cost** of repairs to iPads that are damaged intentionally, stolen, or lost. **iPad replacement cost is \$299.00.**
- 6.5.5 iPads that are stolen must be reported immediately to the Office and the Argonia Police Department.

## 6.6 Legal Propriety:

- 6.6.1 Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher or parent.
- 6.6.2 Plagiarism is a violation of the AHS Code of Conduct. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music, and text.
- 6.6.3 Violation of applicable state or federal law will result in criminal prosecution and/or disciplinary action by the District.

## 6.7 Student Discipline:

If a student violates any part of the above policy, board policy, or Argonia Junior/Senior High School handbook policy, he/she may be subject to the following disciplinary steps:

- 6.7.1 Student(s) will check-in/checkout their iPads from the office daily.
- 6.7.2 Loss of iPad while being required to complete coursework.
- 6.7.3 Disciplinary/Legal action as deemed appropriate.

## 7. PROTECTING & STORING YOUR IPAD

### 7.1 iPad Identification:

Student iPads will be labeled in the manner specified by the school. iPads can be identified based on serial number and Argonia School District identification number.

### 7.2 Storing Your iPad:

When students are not using their iPads, they should be stored in their locked locker. Nothing should be placed on top of the iPad. Students are encouraged to take their iPads home every day after school, regardless of whether or not they are needed. iPads should not be stored in a student's vehicle at school or at home. If a student needs a secure place to store their iPad, they may check it in for storage at the Office.

### 7.3 iPads Left in Unsupervised Areas:

Under no circumstances should iPads be left in unsupervised areas. Unsupervised areas include the school grounds and campus, commons area, the lunchroom, locker rooms, library, unlocked classrooms, dressing rooms and hallways. Any iPad left in these areas is in danger of being stolen. **If an iPad is found in an unsupervised area, it will be taken to the office. A student will be charged \$5.00 to retrieve their iPad that has been turned into the office due to not being supervised.**

## 8. REPAIRING OR REPLACING YOUR IPAD/ COST OF REPAIRS

The Argonia School District recognizes that with the implementation of the iPad initiative there is a need to protect the investment by both the District and the Student/Parent. Therefore, we have set the following guidelines in place.

### 8.1 Accidental Damage

Students will be responsible for caring for their device and will be expected to return them at the end of the year in good working condition. Students will be charged a **\$90.00** technology fee at enrollment time. Students will be responsible for the first \$100

of damage in the event the device is accidentally damaged and needs repaired. Depending on your personal homeowner insurance policy, you may be able to add the device to your policy at a minimal cost.

**8.2 Personal Home or Homeowners coverage**

Students or parents may wish to carry their own personal insurance to protect the iPad in cases of theft, loss, or accidental damage. Please consult with your insurance agent for details about your personal coverage of the iPad computer.

**8.3 Intentional Damage**

Students/Parents will be held responsible for ALL (full payment) intentional damage to iPads including, but not limited to: broken screens, cracked plastic pieces, inoperability, etc. Should the cost to repair exceed the cost of purchasing a new device, the student will pay for full replacement value. Lost items such as chargers and cables will be charged the actual replacement cost.

**8.4 Warranty Repairs**

Warranty repairs will be completed at no cost to the student.

**8.5 Vandalism and Theft**

In cases of theft, vandalism, and other criminal acts, it is the responsibility of the student and/or parent to file a police report.

**8.6 iPad Purchase For Graduating Seniors**

Each spring the Board of Education will make a decision as it relates to whether or not they will allow students to purchase their iPad. Information regarding the availability of iPads to purchase will be shared with seniors around May 1.

**9. SCHOOL RIGHTS:**

- 9.1** USD 359's network, facilities, and/or mobile device are to be used in a responsible, efficient, and ethical manner in accordance with the philosophy of USD No. 359. Students must acknowledge their understanding of this policy as well as the following guidelines. Failure to adhere to these standards may result in disciplinary action and/or revocation of the offender's mobile device and/or network privileges.
- 9.2** The administration and/or their designee(s) have the right to inspect any mobile device, application, or peripheral device associated with any or all USD 359 technology. This includes but is not limited to email, documents, pictures, music, or other components associated with all USD 359 technology.
- 9.3** Argonia Schools reserves the right to define inappropriate use of technology.

## Policy Updates for the 2015-2016 School Year:

Charging blocks and cables must be used carefully with the iPad to prevent damage. Replacement blocks and cables need to be purchased from the school office and are the responsibility of the student.

Each student will be provided an Apple ID. iPads will be pre-loaded with the generally required apps. Students will only be allowed to download apps located in the school's filtered app store. If students have school appropriate apps they would like to have added, they need to have them approved by the administration.

Students may not install personal apps on their iPads. Only music and personal photos are allowed. An iTunes card can be used if students want to add music to their iPad.

Student Activities Strictly Prohibited: Downloading apps outside of the filtered app store.
